Certification Review

Certification Review

Advanced Cardiovascular Nursing: Intra-Aortic Balloon Pumping

Advanced Cardiovascular Nursing: Invasive Hemodynamic Monitoring

Advanced Cardiovascular Nursing: Oxygenation & Mechanical Ventilation

Ambulatory Care Nursing: Ambulatory Overview

Ambulatory Care Nursing: Boundaries and Leadership

Ambulatory Care Nursing: Care Coordination and Professional Considerations

Ambulatory Care Nursing: Clinical Practice and Medication Management

Ambulatory Care Nursing: Communication and Culture

Ambulatory Care Nursing: Documentation, Informatics, Quality, and Reimbursement

Ambulatory Care Nursing: Test-Taking Strategies

Ambulatory Care Nursing: The Nursing Process and Patient Education

Breastfeeding: Education and Communication

Breastfeeding: Equipment and Technology

Breastfeeding: Ethical and Legal Issues

Breastfeeding: Infant Development and Nutrition

Breastfeeding: Infant Pathology

Breastfeeding: Maternal Breast Development and Nutrition

Breastfeeding: Maternal Pathology

Breastfeeding: Pharmacology and Toxicology

Breastfeeding: Physiology and Endocrinology

Breastfeeding: Psychology, Sociology, and Anthropology

Breastfeeding: Research, Public Health, and Advocacy

Breastfeeding: Techniques

C-EFM: Electronic Fetal Monitoring Equipment

C-EFM: Fetal Assessment Methods

C-EFM: Fetal Heart Rate Pattern Recognition, Interpretation, and Interventions

C-EFM: In Utero Physiology

C-EFM: Maternal and Fetal Complications

C-EFM: Professional Issues in Perinatal Care

CAPA/CPAN: Anesthesia

CAPA/CPAN: Assessment and Response to Anesthesia

CAPA/CPAN: Certification Review Practice Test

CAPA/CPAN: Discharge Planning and Care of Special Populations

CAPA/CPAN: Pathophysiology of Body Systems Part 1

CAPA/CPAN: Pathophysiology of Body Systems Part 2

CAPA/CPAN: Perianesthesia Practice Standards

Cardiovascular Nursing: Bedside Assessment and Heart Sounds

Cardiovascular Nursing: Cardiac Conditions and Complications

Cardiovascular Nursing: ECG Concepts and Other Diagnostic Tests

Cardiovascular Nursing: Interventional Cardiology

Cardiovascular Nursing: Pacemakers, ICDs, and Other Interventions

Cardiovascular Nursing: Pharmacology

Cardiovascular Nursing: Principles of Practice

Cardiovascular Nursing: Self-Management and Patient Education

Case Management: Care Coordination, Delivery, and Reimbursement

Case Management: Certification Review Practice Test

Case Management: Outcome Evaluation and Quality Management

Case Management: Professional, Legal, and Ethical Standards

Case Management: Rehabilitation and Health Promotion

Case Management: Support Systems and Psychosocial Concepts

CBN: Administration of a Bariatric Surgery Program

CBN: Advocacy, Outreach, and Community Education

CBN: Perioperative Clinical Management

CBN: Postoperative Clinical Management

CBN: Preoperative Clinical Management

CCDS: Anatomy, Physiology, Pathophysiology,

Pharmacology, and Terminology

CCDS: Communication Skills

CCDS: Healthcare Facility CDI Program Analysis

CCDS: Impact of Reportable Diagnoses on Quality Care

CCDS: IPPS Regulations, Reimbursement, and Documentation

CCDS: Medical Record Documentation

CCDS: Official Guidelines for Coding and Reporting

CCDS: Professionalism, Ethics, and Compliance

CCRN-PED: Behavioral and Psychosocial Considerations

CCRN-PED: Cardiovascular Conditions

CCRN-PED: Endocrine Conditions

CCRN-PED: Gastrointestinal Conditions
