

Tracey Keeley, BSN, RN, SCR.N, CNRN

Tracey is a Clinician 4 on 6 West.

Tracey joined UVA Health in 2018 as an experienced nurse. Within two years, she advanced to Clinician 3 and began developing a local chapter of the American Association of Neuroscience Nurses. Although that effort was paused by the COVID-19 pandemic, she resumed expanding her leadership involvement in 2022 by serving as Vice Chair of 6 West Professional Governance.

Since that time, she has served as Vice Chair of the Adult Acute Care Practice Committee (AACPC), then chair the following year. She served a two-year term on the Nursing Summit Committee and assumed the role of Local Nursing Education Coordinator (now NPDP). In 2025 she began a two-year term on the Clinical Career Ladder panels (one of the requirements for this office). The committee feels confident in the skills, abilities, and perspective that Tracey will bring to this office to represent Nursing.
